

LOXX MINI KEY TAG

RFID key fob

IDENTA

IDENTA AUSWEISSYSTEME GMBH

The simple and contactless key tag is light to wear with other keys on the key ring. The LOXX Mini Key Tag is universally usable, has an extensive printability and is available in all merchantable transponder technologies.

APPLICATIONS

- access control
- time capture
- vending machines
- canteens
- retail / industry
- sport clubs
- student facilities

ADVANTAGES

- high security level
- contactless reading
- easy handling
- good printability for extensive advertising
- insensitive against dust, dirt, extraneous light
- fast data transfer

PERSONALIZATION

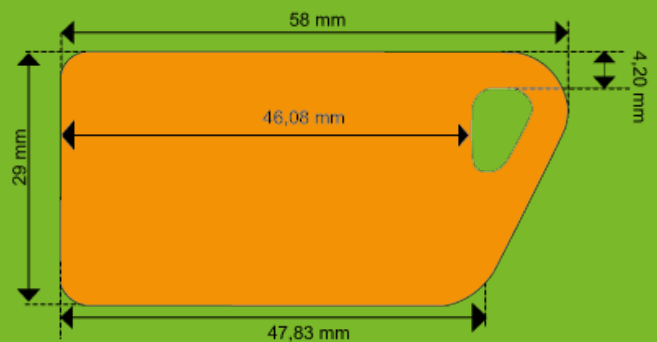

- extensively printable for advertising, directly on the printing area with the 4-colored digital offset printing method
- alternative with UV/LED spot coating (4-colored) for a haptic design

DETAILS

- no combination of two transponder technologies is possible (hybrid)
- coating with epoxy resin (optional) for increased durability

LOXX MINI KEY TAG
