

COSOFT 2.1 ANALYSIS SOFTWARE

Data administration - electronic mobile activity reporting system for security staff

IDENTA

IDENTA AUSWEISSYSTEME GMBH

The CoSOFT 2.1 is a flexible, user-friendly, mobile time recording system for all companies that have high security requirements and need an efficient analysis software.

With the COGARD data collector, the necessary data and/or the patrol of the staff of security firms, companies, hospitals, etc. can be recorded and analysed with the aid of the software CoSOFT 2.1 in a simple, clearly arranged user interface.

Options

BENZING CoSOFT – Level 0: Demo version

The demo version with administration of 15 RFID control points and one customer, is used to test all modules.

BENZING CoSOFT – Level 1: Single-user solution
